A Guide to SIU’s Virtual Job Fair
What Every Student Should Know and Prepare

Our Job and Internship Fair gives students the opportunity to learn about companies and make connections with recruiters. The virtual platform allows you to share your profile in group sessions or get 1:1 facetime with recruiters. Most employers will schedule 30-minute group meetings and 10-minute 1:1 appointments with students. Employers will be able to see student profiles and public resumes, as well as messaging students via Handshake during the fair.

Students can explore company booths and sign-up for sessions ahead of time; then join and attend on Tuesday, September 22, 2020.
